

Product categories

0 Not specified

1. Afforestation and forest care

- 1.1. Site preparation
 - 1.1.1. Machinery and equipment for clearing stumps, undergrowth and felling/logging residue
 - 1.1.2. Machinery and equipment for soil tilling and drainage
- 1.2. Forest reproductive material, seed and planting
 - 1.2.1. Tree nurseries, wild shrubs, Christmas tree cultivation, equipment and technology
 - 1.2.2. Machines and equipment for seed production and plant cultivation
 - 1.2.3. Seed and seedlings
 - 1.2.4. Machinery and equipment for sowing, drilling and planting
- 1.3. Soil improvement and fertilizing
 - 1.3.1. Machines and equipment for tilling and fertilizing
 - 1.3.2. Fertilizers
- 1.4. Care of seedlings, saplings and young trees
 - 1.4.1. Machinery and equipment for care of seedlings, saplings and young trees
 - 1.4.2. Machinery and equipment for pruning

2. Forest care and protection

- 2.1. Machinery, equipment, materials and systems for forest care
 - 2.1.1. Protection against game
 - 2.1.2. Protection against fungi and other vegetable pests
 - 2.1.3. Protection against other animal pests
 - 2.1.4. Soil conservation and tree protection
- 2.2. Fire monitoring and firefighting
- 2.3. Pollution analysis
- 2.4. Species protection

3. Cropping and harvesting

- 3.1. Felling and limbing
 - 3.1.1. Forestry tools
 - 3.1.2. Power saws and equipment
 - 3.1.3. Harvesters, processors and other harvesting machinery
 - 3.1.4. Assemblies, cranes and other accessories for harvesters
 - 3.1.5. Machinery and equipment for debarking
- 3.2. Logging
 - 3.2.1. Forest tractors, special forest tractors, skidders and skidding equipment
 - 3.2.2. Cable winches, grips, cranes and other forest equipment for tractors
 - 3.2.3. Trailers for log haulage
 - 3.2.4. Special tyres and tyre chains
 - 3.2.5. Cables, chains, chords, and belts, accessories
 - 3.2.6. Cable logging equipment and accessories
 - 3.2.7. Radio remote controls for cable winches and haulage systems
 - 3.2.8. Small logging vehicles
 - 3.2.9. Helicopter transport
- 3.3. Traction winches

- 
- 3.4. Fuels and lubricants for forest machines and two-stroke powered equipment including storage and transport
 - 3.4.1. Special fuel / alkylate gasoline
 - 3.4.2. Mobile tank systems
 - 3.4.3. Oils
 - 3.5. Special hydraulics and pneumatics for forestry machinery
 - 3.6. Loading cranes, grabs, rotators and other accessories for log haulage vehicles
 - 3.7. Spare parts and technical accessories for machines in the forestry and forest area
 - 3.8. Tracks for forest machinery
 - 3.9. Mobile tank farms
 - 4. Horses in forestry**
 - 5. Round timber depots**
 - 5.1. Equipment for round timber storage and transshipment
 - 5.2. Equipment, systems and chemicals for timber protection
 - 5.3. Irrigation systems for timber conservation
 - 5.4. Wood processing and transportation in timber yards
 - 6. Forest road and track construction and maintenance**
 - 6.1. Machinery and equipment for forest road and track construction
 - 6.2. Machinery and equipment for road and track maintenance
 - 6.3. Machinery and equipment for snow clearance
 - 6.4. Signposting, marking and routing of roads and tracks
 - 7. Timber transport vehicles and other transport vehicles**
 - 7.1. Long-cut and short-cut timber transporters
 - 7.2. Trailers with automatic steering, rear banks, other trailers and semi-trailers
 - 7.3. Truck bodies, truck-mounted loading cranes, grabs and accessories
 - 7.4. Low-loaders for machinery transportation
 - 7.5. Trac and other carrier vehicles
 - 7.6. Fork-lift trucks, telescope-lift trucks, work platforms, access ramps
 - 7.7. Off-road vehicles and quads
 - 7.8. Seats
 - 8. Nature and environmental protection**
 - 9. Timber processing**
 - 9.1. Mobile sawmills and equipment
 - 9.2. Sawmill technology
 - 9.3. Recycling technology, waste disposal
 - 9.4. Other machinery and equipment for timber processing
 - 10. Wood heating technology, bioenergy**
 - 10.1. Chippers
 - 10.2. Log splitters and saw log splitters
 - 10.3. Wood-burning furnaces and systems
 - 10.4. Briquetting and pelleting plants
 - 10.5. Dryer for woodchips and splitwood billets

- 10.6. Feller, buncher
- 10.7. Harvesting technology for short-rotation plantations

11. Woodland as conservation and recreation area, tree and countryside care, land use and communal land engineering

- 11.1. Machinery, equipment and systems for layout and care of conservation forests and woodland
- 11.2. Machinery, equipment and systems for the preservation of the countryside and land use engineering
- 11.3. Machinery, equipment and systems for communal land engineering
- 11.4. Recreational facilities in the forest

12. EDP, measurement, information, management and telecommunications in the forest

- 12.1. DP systems
- 12.2. Equipment and systems for the ground-based surveying and mapping of forests
- 12.3. Equipment and systems for processing aerial photographs
- 12.4. Equipment and systems for site investigation and soil analysis
- 12.5. Equipment and systems for forest management, determining timber stocks
- 12.6. Round timber recording, determining volume and weight
- 12.7. Timber marking and numbering, marking paint and other auxiliary materials
- 12.8. Equipment and systems for work studies and performance assessments
- 12.9. Communication systems, telecommunication
- 12.10. GPS/GIS, navigation
- 12.11. UAVs and drones in the forest

13. Safety and health at work, first aid

- 13.1. Protective clothing and equipment, work clothes
- 13.2. Vehicles for forest staff, accessories, sanitation and hygiene
- 13.3. First aid, rescue and emergency

14. Information, advice, consulting

- 14.1. Forestry training and education
- 14.2. Vacancies
- 14.3. Trade publishers, trade press and specialist literature
- 14.4. Further education - Pedagogy

15. Services

- 15.1. Work preparation, quality assurance, controlling
- 15.2. Afforestation, forest care, timber harvesting
- 15.3. Services in the field of renewable energies, wood chips and firewood
- 15.4. Timber logistics and trading
- 15.5. Business consultancy, financial aid
- 15.6. Banks and insurance
- 15.7. Insurance claims adjuster and assessor
- 15.8. Certification
- 15.9. Associations, organisations and other service providers
- 15.10. Forwarders
- 15.11. Saw industry - trading of round timber
- 15.12. Tree care
- 15.13. Education and Training

16. Second-hand machines

- 16.1. Forest machines
- 16.2. Transport vehicles
- 16.3. Other machinery

17. Hunting and nature conservation

- 17.1. Hunting facilities
- 17.2. Outdoor clothing

18. Special forestry use

19. Innovations and technical innovations

20. Off-road vehicles

21. Tree care

- 21.1. Machinery, equipment and accessories for tree care
 - 21.1.1. Machinery and equipment for clearing stumps, undergrowth and felling/logging residue
 - 21.1.2. Rigging, Crampons and Hardware
 - 21.1.3. Ropes and Slings
 - 21.1.4. Storage and Transport
- 21.2. Personal Protective Clothing and Clothing for Tree Care
- 21.3. Personal Protective Equipment against Falls and Rope Access Techniques
- 21.4. Tree Anchoring, Crown Stabilization, Growth and Core Sampling, Wood Diagnostics, and Surveying
